Re: Conditional Approval of Biosolids Application, Bingham Canyon Mine, M/035/002, Salt Lake County, Utah

Dear Ms. Dorward-King:

On August 9, 1996, the Division received the map and letter regarding the Triangle Borrow Site at the Bingham Canyon Mine where biosolids will be applied.

The information meets our requirements; therefore, approval for the application is hereby granted conditioned upon your receiving approval by the Division of Water Quality. When you receive the Division of Water Quality's approval of this application, you may at that time proceed with the work plan as outlined in your letter.

Thank you for your cooperation. If you have any questions regarding this letter, please notify me or my supervisor, D. Wayne Hedberg.

Sincerely,

Lynn Kunzler
Senior Reclamation Specialist
